MIND

The **Multisensory Wellness Diffuser** is a patent technical application programmable and updatable (an **integrated holistic wellness system**) supplying simultaneously **four different wellness programs**.

Aromatherapy treats a few diseases employing essential oils and aromatic herbs. The aromatherapy is both preventive and curative: it heals and re-balances the alterate conditions.

Music therapy. Music listening prevents and heals. Feeds the body with sound, utilising music to discover new dimensions lying at the bottom of our soul and accelerates the consciousness evolution.

The **Chromotherapy** with electromagnetic waves employs coloured light in a specific wavelength to penetrate into tissues through retinal retention and to create interactions among cells in order to restore the electrical and chemical balance of cell homeostasis, improving the biological functions.

Crystal therapy. The Wellness Diffuser can spread chromotherapy using reflections and diffusions thanks to a pair of lenses created ad hoc, applying the principle of diffusion through natural pure crystals.

Wellness Diffuser is available combined with the IRDA Massage Bed as **Multisensory Oasis** version.

It has 9 specific therapeutic programs and 5 Wellness programs to obtain the best match with the Master Sequences of Wellness Diffuser 5.0.

Multisensory Cabinet for Wellness Diffuser 5.0 is designed and inspired by the wellness effects linked to pyramid energy (**pyramid therapy**) and it's perfect to create a wellness room. Pyramid is realized following golden section and with specific materials and references to concentrate subtle energies (that includes Orgometer, Halotherapy and on request video projector as Vision version).

SOUL

The holistic therapy's effects have been studied and implemented through various experiments, certifications and quality tests to make the best holistic effectiveness of the sequences, specifically created for your **relax, sleep, meditation and energy**.

BODY

The advanced technological components, the originality of the **"Made in Italy"** design and the wide range of lights and colours make the Wellness Diffuser an exclusive light point certified 80.000 hours, thanks to Led technology. The available versions have been studied to fit every furnishing styles.

HOLISTIC OASIS & MULTISENSORY CABINET

Wellness Diffuser is available combined with the **IRDA Massage Bed** as **Multisensory Oasis** version and integrated with the **Energetic Pyramid** (that includes Orgometer, Halotherapy and on request video projector as Vision version) thus optimizing every wellness therapy in one only solution as **Multisensory Cabinet**.

IPOD CONTROLLER & IRDA DEVICE
